# Puppet Pals

Puppet Pals is an App that allows students to create plays. They can create their own plays by uploading their own backgrounds and photos. Students can also use this app to create a 'movie' of their work.

**Press to Start**
Create your play.

**Saved Shows**
Files that have been created and saved in Puppet Pals.

**More Characters**
Takes the user to a bank of characters and settings that can be downloaded.

Add your own character and back drop by using photos from your camera roll.

Record your play by pressing the record button.

Move the characters on the screen and record the voices.
